River News

The Greenwood was down today from upper points.

The Henry M. Stanley passed up last night for Pomeroy.

The Queen City will be the Pittsburgh boat tomorrow night.

The Island Queen is now doing excursion business at Memphis.

The houseboat is growing to be very popular on the Ohio and Mississippi rivers.

Most of the coal started from Pittsburgh on this rise will go to Louisville, for New Orleans shipment.

Model barges loaded with barbed wire, steel rails and nails are being shipped from Pittsburgh on the present rise.

The City Council of Columbus, O., has engaged one of the boats of the Pittsburgh and Cincinnati Packet Line for its annual junket next month. The trip will be made to Pittsburgh.

The trip of the Rivers and Harbors Committee of Congress, to leave Pittsburgh May 8th on the Queen City, has been fully mapped out. The boat is to run in daylight only and will pass here probably about the 13th. There are seventeen members of the Committee, and they are to be accompanied by their families and invited guests, about forty in all.

There is a prospect of a freight war between all points from Cincinnati to Portsmouth.

Last winter Captain Williamson, who was in command of the Big Kanawha, lost his boat in the breakup of the ice. Since that time he has been without a boat. Several of the city councils of towns along the river raised the wharfage, and the boats refused to land in the usual places. It is said that Captain Williamson is looking about for another boat to use in the trade. He has, it is said, the promise of the support of the merchants of the various towns and cities along the river if he finds a boat.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthlies were irregular. I had been to several doctors, and they did me no good. 'Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right. 'I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer.' It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

HURTS TOBACCO INDUSTRY

Duty Imposed By England Affects Kentucky in Many Ways

Besides throwing out of employment about 5,000 persons in Kentucky and Tennessee, the new duty imposed by the British Parliament on stripped tobacco will have the effect of reducing the efficiency of several other branches of the tobacco trade, particularly the manufacture of fertilizer made from the stems and the manufacture of extract made from the same.

Louisville is not directly affected, the chief points in Kentucky being Henderson and Owensboro.

The extent to which the industry has been affected can be approximated when it is considered that between 50,000,000 and 70,000,000 pounds of tobacco were shipped annually to England. This will now be stripped in England, and it is said a company has been organized there to take over the stems and utilize them as they were utilized here.

Skin disease prescription

Eczema, Salt Rheum, Herpes, Itch, Erysipelas—all eruptions, scaly diseases and parasitic affections of the skin positively cleared away in a hurry. A clean, pleasant liquid (non-greasy) externally applied—sponged or sopped over the parts. Instantly stops all irritation. Soon clears out absolutely all affected conditions.

(Here is a case cleared away with two bottles.)

(Case of daughter of Mr. Mose Hartman, permanently cured of a bad skin disease after two bottles only of this D. D. D. prescription.)

We vouch for these facts.

They have been proven to us beyond the possibility of doubt.

J. JAS. WOOD & SON, Druggists, Maysville, Ky.

Some weeks ago the astonishing record of this prescription—proven to me by independent evidence—induced me to give it my unqualified recommendation to the public. Since then D. D. D. has cured so many who obtained it from me that its record with me has been fully equal to its previous history. I have not seen a single instance of disappointment. It seems to do the work every time. In nine cases out of ten, manifestations on the skin are skin diseases—not blood diseases. Many purchasers formerly, thinking they had a bad blood disease, have found it was merely a skin affection and have cleared it all away with this prescription.

Among all the known reliable specific medical influences for different ailments I know of very few discoveries so certain in effect as this D. D. D. prescription in its quick conquest of skin diseases of all kinds.

A FEW CURES OF WELL-KNOWN PARTIES.

- Chicago, April 7, 1905. "About six months ago my daughter began getting sores all over her body and was gradually getting worse. Nothing seemed to do her any good, although we tried different medicines but without success. She would scratch continually and was a sight to look at. I was asked to try a bottle of your D. D. D. remedy, which I did, and to my surprise it worked wonders on her the second day, and before the bottle was empty she was almost cured. The second bottle completely cured her. I will highly recommend your remedy to any one suffering with skin disease, for I feel I cannot say enough for it." F. KILBACHER, 320 Fuller Street, Washington every success I am, yours very truly, F. KILBACHER, 320 Fuller Street.
- "I am glad to say that the bottle of medicine furnished by you in July last has been of great benefit to me. I am now free from the annoyance heretofore suffered from Eczema on my ankles. I have also cured a friend of mine who had two or three spots on his face. W. J. FOSTER, N. Paul, Minn. Vice President and General Manager of Great Northern Express Co.
- "That wonderful discovery, the D. D. D. remedy, cured me of a bad case of Eczema of long standing, which the physicians could not cure. I cheerfully recommend it to all persons afflicted with any kind of skin disease." C. H. WOODWARD, (Ex-Mayor), Cairo, Ill.
- "I have been troubled for years with Eczema of the skin and tried a great variety of remedies and, with no apparent relief. Doctors were unable to benefit me in any way. A friend of mine gave me a bottle of your D. D. D. remedy to try. Before the contents of the first bottle were consumed I am glad to say your remedy had proved entirely satisfactory and had cured me. I take great pleasure in recommending it to all and every one suffering from any disease of the skin." JOHN D. HADGIST, (A well-known Chicago business man.)
- "The D. D. D. remedy cured me of Lichen-Ruber in two weeks. I had bathed and treated at Hot Springs, Ark. for six weeks. The hot waters irritated me and made me worse. My body was covered with eruptions from head to foot." GEO. GEBERT, No. 26 1/2 3rd St., Chicago.
- Chicago, April 6, 1905. "I got some kind of a skin disease in a barber shop and I tried a half bottle of your D. D. D. remedy and I must say it cleared my skin fine. I asked the druggist for a bottle and he says the D. D. D. would be the best thing for me, though the price was a little too much, but I'll ever have any kind of a skin disease again I am willing to pay ten times as much. I think it the best remedy in the world for any kind of a skin disease. Yours truly, FRANK W. KOLLE, 24 West Irving Park Boulevard, Chicago.

The preparation is being used by most of the skin specialists. It is compounded for drugs solely by the D. D. D. Company, 70 Dearborn Street, Chicago.

It is utilized by every general family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago.

It will clear off any parasitic break in the skin in from 3 days' to 60 days' time.

If you have a skin disease visit the above agents and see proofs that will make you a happier human being.

\$1.00 buys this prescription—already made up in sealed bottles—with authentic label on each. The above concerns will fill mail orders on receipt of price.
